- Children (3rd grade or older), youth, adults and seniors are invited to participate in this mission outreach.
- Volunteers will need to wear closed-toed shoes for safety reasons. Volunteers will be handling food ingredients (rice, dehydrated soy, dehydrated vegetables, and flavored vitamin powder). Volunteers should stay at home if they are not feeling well or if they have food allergies
- Volunteers work in teams to measure ingredients into bags, weigh, and heat-seal filled bags, plus prepare boxes for shipment. If anyone is unable to stand for two hours, a sitdown labeling job is also available.
