
Arlington Hills Presbyterian Church

Christian Education

Mission Statement

The role of Christian Education Committee of Arlington Hills Presbyterian Church is to create, implement, and coordinate educational and faith development opportunities for all members and friends of the church, from infants to seniors.

The Committee reviews and selects curriculum consistent with our Reformed Theology and faith that is appropriate for each class and its participants. The educational opportunities include classes, as well as seasonal or special programs throughout the calendar year.

Further, the Committee's role is to nurture the volunteer teachers with training, development, and support.

If you have questions about this curriculum —or about Christian Education at AHP— please call the church at 651-774-6028, or email us at ahp@usfamily.net.
